

UPDATE: FUTURE OF FEED FORUM
April 7, 2011

Good Afternoon Future of Feeds Forum members,

I just wanted to send everyone a quick update on our new website that will house all kinds of information, articles, agendas and news about our foresighting event.

Please give <http://www.wcfin.ca/FutureofFeedsForum.aspx> a look over.

I will be adding stars to the articles our foresighters, Axel and Lois, believe are the most relevant to the "Future of Feeds Forum" in the near future.

I hope everyone is enjoying beautiful Spring weather,
Call or email me with any questions, comments or concerns,
See you all soon,
Kathy
